Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this Chapter, the technical codes or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this Chapter or the technical codes or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the Building Official nor the jurisdiction shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

7-2-111.1 Payment of fees. A permit shall not be issued nor considered valid until the applicable fees established and adopted by the Town of Camp Verde Town Council in accordance with the Town of Camp Verde Code have been paid, nor shall an amendment to a permit be released until the additional fee, if any, has been paid.

7-2-111.2 Schedule of permit fees. On buildings, structures, electrical, gas, mechanical, and fire systems or alterations thereto requiring a permit, a fee for each permit shall be paid as required in accordance with the schedule as established by the Town of Camp Verde.

7-2-111.3 Building permit valuation. The applicant for a permit shall provide an estimated permit value at the time of initial application. Permit valuations shall include total value of work, including materials and labor, for which

the permit is being issued, such as finish work, painting, roofing, electrical, gas, mechanical, plumbing equipment, heating, air-conditioning, elevators, fire extinguishing systems, other permanent systems/equipment, grading, landscaping, and other site related improvements. The final building permit valuation shall be the greater of the applicant's stated valuation or the valuation calculated by using the ICC Building Valuation data, except the Building Official or designee may set the final building permit valuation when deemed necessary.

7-2-111.4 Plan review fees. When Section 7-2-105.1 requires submittal documents, a plan review fee shall be paid at the time of submitting the submittal documents for plan review. Said plan review fee shall be sixty-five (65%) percent of the building permit fee as shown in schedule as established by the Town of Camp Verde. The plan review fees specified in this subsection are separate fees from the permit fees specified in Section 7-2-111.1 and are in addition to the permit fees. When submittal documents are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged at the rate shown in schedule as established by the Town of Camp Verde. The plan review fees pay for the initial plan review and one (1) subsequent re-submittal for the same project. If more than two plan reviews are required, or if the permit application shall expire by time limitation, additional plan review fees may be assessed as determined by the Building Official. At the time of permit issuance, additional plan review fees for any increase in valuation shall be assessed in conjunction with, and as a condition of, permit issuance.

7-2-111.5 Investigation fees. Any person who commences work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to an investigation fee established by the Building Official that shall be in addition to the required permit fees. The investigation fee shall be equal to the permit fees required by this Chapter. The payment of such investigation fee shall not exempt an applicant from compliance with all other provisions of this Chapter and the technical codes. An investigation fee shall be collected whether or not a permit is then or subsequently issued.

7-2-111.6 Fee refunds. The Building Official may authorize the refunding of any fee paid hereunder, which was erroneously paid or collected. The Building Official may authorize the refunding of that portion of the permit fee in excess of the fee for issuance when no inspection has been done for which a permit has been issued in accordance with this code. The Building Official may authorize the refunding of that portion of the plan review fee in excess of the fee for issuance when the application for a permit for which a plan review fee has been paid is withdrawn or canceled before any plan reviewing is done. The Building Official shall not authorize the refunding of any fee paid except upon written application filed by the original permittee not later than 180 days after the date of fee payment.

ARTICLE 7-3

CONFORMANCE WITH ZONING ORDINANCE

ARTICLE 7-4

BUILDING OFFICIAL

The building official and administrative authority, as such may be referenced in any section of this chapter for all matters pertaining to any building, plumbing, electrical, or any other inspections, shall be vested in the office of the Town Manager or his designee, provided that the manager or the Council may authorize such deputies as needed to perform any inspection work or other functions that may be required by this chapter.

ARTICLE 7-5

ROAD SPECIFICATIONS AND DETAILS

ARTICLE 7-6

STREET NAMING AND ADDRESSING (A2006-A332)

- A. In accordance with Ordinance 2001 A193, street names should be appropriate and easy to read so that children in particular can pronounce the name in an emergency situation. Street names are subject to review and prior approval of the reviewing officer pursuant to the procedures provided in the Street Naming and Addressing Guidelines. New Streets must be named from a pool of historical locations, pioneer family names, local brands and native vegetation that is approved and updated by the Town Council and is available at the Community Development Department. A list of historical street names shall be submitted by staff to the Council for review and approval as required, but not less frequently than every six (6) months. The applicant also has the option of submitting a list of alternate street names along with the Preliminary Plat for possible approval by the Council.
- B. This program is hereby declared the only legal addressing system for the incorporated areas within the Town.
- C. Any person who fails to comply with the addressing requirements of this Article within thirty days of initial notification by the addressing official shall be subject to a petty offense for the first offense, and a Class 3 Misdemeanor for a second or subsequent offense as to the same property. Each day the property is not in compliance may constitute a separate offense. "Person" includes the property owner, occupant, or any persons having control over the use of the property.

ARTICLE 7-7

ENFORCEMENT PROCEDURES FOR VIOLATIONS OF THE TOWN CODE

(2006-A332)(2006-A336)

Section 7-7-1 GENERAL PROVISIONS.

- A. Violations of this Code and Zoning Ordinances of the Town may be filed under the criminal or civil enforcement procedures below or by any means stated including Section 1.8 of this Code. A person shall not be charged with both a civil and criminal offense for the same violation on the same date, but a subsequent violation against the same property or person may be charged as civil rather than criminal.
- B. For the purpose of enforcement of this Code unless otherwise stated, there is hereby created the position of Code Enforcement Officer. The Community Development Director, or designee, acting as the Zoning Administrator (ARS 9-462.05C, as may be amended) shall administer and enforce this Ordinance, up to and including the issuance by the Marshall's Department of criminal charges against violators.

Section 7-7-2 CRIMINAL CITATION

A criminal citation is used when: the offense is serious and requires immediate action, the alleged violator has ignored previous warnings or notice, has refused to work with the Town toward compliance, or the violation is a repeat of a previous offense.

Section 7-7-3 CIVIL OFFENSE

Violations of zoning and code ordinances of the Town may be filed under the civil enforcement procedures and are declared to be civil offenses. A person shall not be charged with both a civil and criminal offense for the same violation on the same date, but a subsequent violation against the same property or person may be charged as criminal rather than civil.

1. Hearing Officer. The Council shall periodically appoint a hearing officer to hear and determine zoning and code violations under the civil violation procedure. The hearing officer shall not be an employee or member of any Town board or commission.
2. Filing a complaint. Civil complaints shall be filed using either the uniform Arizona Traffic Ticket and Complaint form, or one substantially similar, which shall cite to this ordinance as well as the particular subsection of the zoning or code ordinance applicable to the alleged violation. Each subsection of the ordinance cited in the complaint shall be deemed a separate offense. Complaints may be sworn to any building inspector or zoning code officer for the Town. The citation shall contain the date and time of the alleged violation, and direct the defendant to appear before the Hearing Officer at the specified time to enter a plea either admitting or denying the complaint. Citations will be served by personal delivery upon the defendant by the responsible inspector or code enforcement officer, or by registered mail together with a summons, in the manner set forth in rule 3.4, Rules of Criminal Procedure. The citation will state that if the defendant fails to appear, the Hearing Officer will enter a default judgment against him in favor of the State, and impose sanctions not to exceed \$250 for each alleged violation. Subpoenas for witnesses shall be prepared and signed at the request of either the defendant or the State, and served by personal service, certified mail, or first class mail, pursuant to ARS 13-4072, as may be amended.

3. **Hearing Procedures.** Unless otherwise modified therein, civil enforcement procedures herein shall follow the Arizona Rules of Court for Civil Traffic Violations. The Town Attorney or designee will present evidence of the charges in the complaint. The defendant may present evidence pro per or through counsel. The defendant will not have a right to a jury trial. If the Hearing Officer finds that the charges are proven by a preponderance of the evidence, judgment shall be entered against the defendant for the State, and sanctions imposed up to \$250 per offense. If the Hearing Officer finds the charges not proven, the case shall be dismissed. Any sanction shall be imposed immediately, without setting a sentencing date or probationary period, except that the Hearing Officer may allow the defendant a time to pay the sanction not more than 30 days from the hearing date.
4. **Appeals.** The defendant may appeal the decision of the Hearing Officer to the Town Magistrate, pursuant to ARS 22-402.B, as may be amended, who shall conduct a review of the matter limited to whether the ordinance or code has been correctly interpreted or applied by the component. It shall not be a trial de novo unless the Court determines that the records are insufficient, or there is no record preserved. A record for purposes of this section consists of audio tape recordings, any written rulings of the Hearing Officer, and exhibits admitted at the hearing. Further appeal to the Superior Court, either pursuant to the civil traffic rules or through ARS 12-124.A, as may be amended, is hereby granted, but may be discretionary with the Court.

Section 7-7-4 NOTICE AND CITATION PROCEDURE

Unless otherwise stated in this Code the following notice procedure shall be used:

- a. Verbal/Courtesy Warning: A verbal or written warning may be provided by the Code Enforcement Officer to the alleged party in violation, as a courtesy, when the violation is not considered immediately serious to the health, safety, or property of others, permitting a minimum of 10 days to correct, or make timely arrangements to correct, the violation.
- b. Written Notice of Violation: A written notice of violation is provided when: personal contact cannot be made, because access to the property is prevented, the occupant is not on the premises or has ignored an earlier courtesy warning. The time frame for compliance, not to exceed 60 days from the first courtesy warning, is at the discretion of the Code Enforcement Official.
- c. Criminal Citation: A criminal citation is used when: the offense is serious and requires immediate action, the alleged violator has ignored previous warnings, has refused to work with the Town toward compliance, or the violation is a repeat of a previous offense.

For the purpose of enforcement of the Town Code, violations of any adopted building code in conjunction with a code violation will be considered violations of the Town Code as well, and appropriate, simultaneous enforcement action shall be taken by the Building Official.

Section 7-7-5 INSPECTION WARRANT. (2006-A336)

- A. An "inspection warrant" is an order, in writing, in the name of the people, signed by a judge or magistrate of a court of competent jurisdiction, directed to a state, county or local official, commanding him to conduct any inspection required or authorized by state, county or local law or regulation relating to building, fire, safety, plumbing, electrical, health or zoning.
- B. An inspection warrant shall be issued only upon cause, supported by affidavit, particularly describing the place, dwelling, structure, premises or vehicle to be searched and the purpose for which the search is made. In addition, the affidavit shall contain either a statement that consent to inspect has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent.

- C. Cause shall be deemed to exist if either reasonable legislative or administrative standards for conducting a routine or area inspection are satisfied with respect to the particular place, dwelling, structure, premises or vehicle, or there is reason to believe that a condition of nonconformity exists with respect to the particular place, dwelling, structure, premises or vehicle.
- D. Before issuing an inspection warrant, the judge may examine on oath the applicant and any other witnesses, and shall satisfy himself of the existence of grounds for granting such application.
- E. If the judge is satisfied that cause for the inspection exists, he shall issue the warrant particularly describing each place, dwelling, structure, premises or vehicle to be inspected and designating on the warrant the purpose and limitations of the inspection, including the limitations required by this section.
- F. An inspection warrant shall be effective for the time specified therein, but not for a period of more than fourteen (14) days, unless extended or renewed by the judge who signed and issued the original warrant upon satisfying himself that such extension or renewal is in the public interest. Such inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of such time the warrant, unless executed, is void.
- G. An inspection pursuant to this warrant may not be made between 6:00 p.m. of any day and 8:00 a.m. of the succeeding day, nor in the absence of an owner or occupant of the particular place, dwelling, structure, premises or vehicle unless specifically authorized by the judge upon a showing that such authority is reasonably necessary to effectuate the purpose of the regulation being enforced. An inspection pursuant to a warrant shall not be made by means of forcible entry; except that the judge may expressly authorize a forcible entry where facts are shown sufficient to create a reasonable suspicion of violation of a state, county or local law or regulation relating to buildings, fire, safety, plumbing, electrical, health or zoning, which, if such violation existed, would be an immediate threat to health or safety, or where facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful. Where prior consent has been sought and refused, notice to the owner or occupant that a warrant has been issued must be given at least twenty-four (24) hours before the warrant is executed, unless the judge finds that immediate execution is reasonably necessary in the circumstances shown.
- H. Any person who willfully refuses to permit an inspection lawfully authorized by warrant issued pursuant to this Article is guilty of a misdemeanor punishable as set forth in Article 1-8 of this code.

ARTICLE 7-8

PLACEMENT OF UTILITIES UNDERGROUND AND ESTABLISHING A PERMIT

A. Definitions:

Developer shall be deemed to be any individual, firm, corporation, partnership, association, syndication, trust, governmental agency, or other legal entity that is responsible for the development or redevelopment of land that created any demand for any utility service or causes alteration of existing utility services, other than the serving utility. **Existing utility system** means such poles, structures, wires, cables transformers, and other related facilities that are in place and in operation within 90 days of the effective date of this ordinance, or improvements or changes hereinafter made to maintain service capabilities or existing facilities and utility drops, but it does not include extensions made to existing distribution lines.

New utility system means such poles and structures, wires, cables, transformers, and all other related facilities used in or as a part of the distribution or transmission of electricity, telephone, telegraph, radio, internet, or television communications that are not in place as of the effective date of this ordinance, or new extensions made from existing poles and wires.

Service drop refers to that line which extends from the service utility's existing utility system and connects to the individual customer who is the ultimate user of that service.

- B. Permit for above Ground Installation.** After the effective date of this ordinance, no developer shall erect any new utility system, nor relocate an existing utility system, within Town limits above the surface of the ground, whether along streets or over individual lots or parcels of the development, unless a special permit described herein is first granted by the Town. The undergrounding requirements herein shall apply regardless of the existence or availability of easements for overhead lines. The developer shall be required to comply with any underground policy of the utility, and undergrounding shall be completed and approved prior to any occupancy of the project. If poles are removed which include streetlights, the streetlights will be replaced by the developer at its cost with freestanding poles and luminaries approved by the Town. In the event the utility company adds new poles or lines as a system upgrade or power line extension, it shall be considered the developer, and pay any undergrounding costs. In cases where utility lines are required to be placed underground due to a combination of needs generated by (re) development, utility system upgrade, and governmental improvement projects, there shall be an equitable sharing of the cost of that undergrounding effort between the Town or governmental agency, utility, and developer.
- C. Exemptions.** This ordinance shall not apply to transmission or feeder lines having a voltage rating greater than 12,500 volts; switchyards and substations utilized in a new utility system; pad-mounted transformers, cabinets, pull boxes, and similar on-the-ground equipment; temporary service equipment for emergency services, special events, or construction sites; service drops from existing overhead lines, unless underground service is required under municipal or state subdivision statutes or codes; or normal maintenance and repairs of existing utility systems.
- D. Special Permits.** A special permit to waive the underground requirements of this ordinance may be issued by the Town. Granting of a special permit is rare and shall not undermine the purpose of the ordinance. Cost disparity in itself shall not constitute grounds for issuance of a special permit. A request for the special permit shall be filed with the Community Development Director for approval. If the permit is denied, the applicant may file a request for review with the Planning & Zoning Commission for their recommendation. The final decision on an appeal shall be with the Town Council.
- E. Permits.** Developers shall be required to submit a written application to obtain a construction permit for undergrounding of facilities as part of the permit process. The content of the permit shall be established from time-to-time by the Community Development Director and/or Director of Public Works/Town Engineer, but shall include as a minimum:
- Plot plans to scale showing the proposed location of the underground facilities, cross-sections of the below grade areas, and other information necessary to properly identify and record the work
 - Roadway cut permits from the Town or ADOT, and a traffic control plan, if needed
 - Performance bonds and insurance

The costs of such activities analyses and reports shall be borne by the recipient of the order.
- C. ACCESS REFUSAL.** If an authorized employee of the Town has been refused access to any premises, and is able to demonstrate probable cause to believe that there may be a violation of this Article, or that there is a need to inspect, interview, copy, photograph or sample as part of an inspection and sampling procedure of the Town designed to determine compliance with the requirements of this Article or any related laws or regulations, or to protect the environment and the public health, safety and welfare of the community, then the Engineer may seek issuance of a search warrant from the Town Municipal Court.

The Town Manager or appropriate designee shall submit the Development Fee Annual Report to the Mayor and Council, which shall receive the Annual Report and which may take such actions as it deems appropriate, including, but not limited to, requesting additional data or analyses and holding public workshops and/or public hearings.
- C. New Development Affected. This Development Fee Code shall apply to all New Developments.
- 1. Municipal Planning Areas. Development Fees imposed by the Town may, if necessary and appropriate, be collected by other municipalities or by Yavapai County on New Development within the Town's Municipal Planning Area, but outside of the Town of Camp Verde limits, pursuant to an intergovernmental agreement which provides that the Development Fees collected be transferred to the appropriate Town fund for expenditure in accordance with the terms of this Development Fee Code.
 - 2. Exceptions to the application of Development Fees to New Development. Unless otherwise expressly noted, the fees imposed by this Article shall not apply in the following circumstances:
 - a. Previously-Issued Building Permits. No Development Fee shall be imposed on New Development for which a building permit has been issued prior to the effective date of this Development Fee Code.
 - b. No Net Increase in Dwelling Units. No Development Fee shall be imposed on any new residential development which does not add a new Dwelling Unit.
 - c. No Net Increase in Non-Residential Square Footage. No Development Fee shall be imposed on any new non-residential development which does not add square footage to a currently existing facility, unless the new non-residential development will increase the demand for Public Facilities for which Development Fees are being imposed.
 - d. Other Uses. No Development Fee shall be imposed on a use, development, project, structure, building, fence, sign or other activity, whether or not a building permit is required, which does not result in an increase in the demand for Public Facilities.
 - e. Other Development Exempted by State Law. No Development Fee shall be imposed on New Development which is exempted by Arizona State laws; however, the Town may seek to negotiate the construction of Public Facilities or the provision of services, or to negotiate the payment of Development Fees with such entities. See A.R.S. § 9-500(18).
 - 3. Effect of Payment of Development Fees on Other Applicable Town Land Use, Zoning, Platting, Subdivision or Development Regulations. The payment of Development Fees shall not entitle the Applicant to a building permit, which shall only be issued if all other applicable land use, zoning, planning, platting, subdivision or other related requirements, standards and conditions have been met. Such other requirements, standards and conditions are independent of the requirement for payment of a Development Fee.
 - 4. Amendments. This Development Fee Code may be amended from time to time by the Mayor and Council; provided, however, that no such amendment shall be adopted without a written report detailing the reasons and need for the increase or establishment of a new Development Fee without proper notice and public hearing as set forth in A.R.S. § 9-463.05(C).

5. Effect of Imposition of Development Fees in a Community Facilities District. In calculating and imposing a Development Fee applicable to land in a community facilities district established under Arizona Revised Statutes, Title 48, Chapter 4, Article 6, the Town shall take into account all public infrastructure provided by the district and capital costs paid by the district for necessary public services and facilities and shall not assess a portion of the Development Fee otherwise calculated to be due that would duplicate the infrastructure provided by the district or the costs imposed by the district on New Development.

Section 7-10-4 PROCEDURES FOR IMPOSITION, CALCULATION

AND COLLECTION OF DEVELOPMENT FEES

- A. In General. The Town shall calculate the Development Fees due and owing for any Applicant at the time of the issuance of a building permit. The Applicant shall pay the Development Fees prior to and as a condition of the issuance of a building permit.
- B. Calculation.
 1. Upon receipt of an application for a building permit, the Town shall determine (a) whether the permit is for a residential or non-residential use, (b) the specific category (type) of residential or non-residential development, if applicable, (c) if residential, whether the use is single-family, multifamily or mobile home, and (d) if non-residential, the number of new or additional square feet of gross floor area (rounded up to the nearest square foot) and the proposed use of the facility.
 2. Upon receipt of an application for a building permit relating to an existing facility, the Town shall determine whether the permit will result in a change in use. In such cases, the Development Fee due shall be based only on the incremental increase in the Development Fee(s) for the additional Public Facilities needed to accommodate the change in use.
 3. After making the determinations in the Paragraph B of this Section 7-10-4, the Town shall calculate the Development Fee pursuant to Table One of Section 7-10-5 of this Development Fee Code by incorporating any applicable offset.
 4. If the type of land use proposed for New Development is not expressly listed in the particular Development Fee schedule, the Town shall, at its option and in its discretion, determine the basis used to calculate the Development Fee(s) by:
 - a. identifying the most similar land use type listed and calculate the Development Fee based on the Development Fee for that land use; or
 - b. identifying the broader land use category within which the specified land use would apply and calculate the Development Fee based on the Development Fee for that land use category; or
 - c. reference to an independent impact analysis for Development Fee calculation. If this option is chosen, the following shall apply:
 - (i) The Applicant shall be responsible, at its sole expense, for preparing the independent impact analysis, which shall be reviewed for approval by the Town Engineer and the Town Manager prior to the Town's notification pursuant to paragraph (iii) of this subparagraph.
 - (ii) The independent impact analysis shall measure the impact that the proposed New Development will have on the particular Public Facility at issue, and shall be based on the same methodologies used in the Development Fee calculation methodology report, and shall be supported by professionally acceptable data and assumptions.

- (iii) After review of the independent analysis submitted by the Applicant, the Town shall accept or reject the analysis and provide written notice to the Applicant of its decision on a form provided for such purpose within thirty (30) days of the submission of the completed independent impact analysis. If the independent impact analysis is rejected, the written notice shall provide an explanation of the insufficiencies of the analysis.
 - (iv) The final decision of the Town Engineer may be appealed pursuant to this Article.
- 5. An Applicant may request a *non-binding* estimate of Development Fees due for a particular New Development at any time by filing a request on a form provided for such purpose by the Town. The Applicant must acknowledge that the estimate may be subject to change when a formal application for a building permit for New Development is made. Such non-binding estimate is solely for the benefit and convenience of the prospective Applicant and shall in no way bind the Town nor preclude it from making amendments or revisions to any provisions of this Development Fee Code, the specific Development Fees or the Development Fee schedules.
- 6. The calculation of Development Fees due from a Multiple-Use New Development shall be based upon the aggregated demand for each Public Facility generated by each land use type in the New Development.
- 7. The calculation of Development Fees due from a phased New Development shall be based upon the demand generated by each specific land use within the phase of development for which a separate building permit is requested.
- 8. Development Fees shall be calculated based on the Development Fee amount in effect at the time of application for a building permit.
- C. Offsets. The Town Manager, or his designee, shall perform the actions of the Town in accordance with this Paragraph C unless specifically stated otherwise.
 - 1. Offsets against the amount of a Development Fee due from a New Development shall be provided for, among other things, contributions made in cash, or by dedication of land (if accepted or required by the Town) or by actual construction of all or part of a Public Facility acceptable to the Town by the affected property owner meeting or exceeding the demand generated by the New Development, and the contribution is determined by the Town to be a reasonable substitute for the cost of Public Facilities which are included in the particular Development Fee calculation methodology.
 - 2. The amount of the excess contribution shall be determined by the Town upon its receipt of a written application requesting an offset; provided, however, that (a) the Town will make no reimbursement for excess contributions unless and until the particular Public Facility fund has sufficient revenue to make the reimbursement without jeopardizing the continuity of the Town's capital improvements program and (b) the excess contribution may not be transferred or credited to any other type of Development Fees calculated to be due from that development for other types of Public Facilities. The determination of the eligibility for and the amount of the credit shall be made by the Town on a form provided for such purposes. If the Applicant contends that any aspect of the Town's decision constitutes an abuse of discretion, the Applicant shall be entitled to appeal pursuant to this Article.
 - 3. No offset shall be allowed unless the Town has approved the contribution or expenditure before it is or was made.
 - 4. Offsets for dedication of land or provision of Public Facilities shall be applicable only as to Development Fees imposed for the same types of Public Facilities which are proposed to be dedicated or provided. Even if the value of the dedication of land or provision of a Public Facility exceeds the Development Fee due for the type of Public Facility, the excess value may not be transferred to Development Fees calculated to be due from the Applicant for other types of Public Facilities for which Development Fees may be imposed. Offsets may, however, be transferred to the same Applicant or to other Applicants for New Development which are proposed within the final approved platted area of the same development and for the same type of Public Facility.

- D. Collection. The Town shall collect all applicable Development Fees at the time of issuance of a building permit and shall issue a receipt to the Applicant for such payment unless:
1. the Applicant is determined to be entitled to a full offset; or
 2. the Applicant has been determined to be not subject to the payment of a Development Fee; or
 3. the Applicant has filed an appeal protesting the imposition or calculation of the Development Fee and has posted with the Town a bond or other surety in the amount of the Development Fee, as calculated by the Town and approved by Town Attorney and Finance Director.

The Town shall collect a Development Fee at the time of issuance of a building permit even if Development Fees were paid by the Applicant at an earlier time in the development permit or approval process if the amount of the Development Fees has increased since such prior approval. In such case, the Applicant shall only be liable for the difference between the Development Fees paid earlier and those in effect at the time of issuance of the subsequent building permit.

E. Establishment of Development Fee Accounts; Appropriation of Development Fee Funds; and Refunds.

1. Development Fee Accounts. A Development Fee account shall be established by the Town for each category of Public Facilities for which Development Fees are imposed. Such account shall clearly identify the category, account, or fund for which the Development Fees are imposed. All Development Fees collected by the Town shall be deposited into the appropriate Development Fee account or sub-account, which shall be interest bearing. All interest earned on monies deposited to such account shall be credited to and shall be considered funds of the account. The funds of each such account shall be capable of being accounted for separately from all other Town funds, over time. The Town shall establish and implement necessary accounting controls to ensure that the Development Fee funds are properly deposited, accounted for and appropriated in accordance with this Development Fee Code, A.R.S. § 9-463.05 and any other applicable legal requirements.
2. Appropriation of Development Fee Funds.
 - a. In General. Development Fee funds may be appropriated for Public Facilities, for Public Facility expenditures as defined herein and for the payment of principal, interest and other financing costs on contracts, bonds, notes, or other obligations issued by or on behalf of the Town.
 - b. Restrictions on Appropriations. Development Fees shall be appropriated only for the particular Public Facility, for which they were imposed, calculated and collected.
3. Refunds.
 - a. Eligibility for Refund.
 - (i) Expiration or Revocation of Building Permit. An Applicant who has paid a Development Fee for a New Development for which the necessary building permit has expired or for which the building permit has been revoked prior to construction shall be eligible to apply for a refund of Development Fees paid on a form provided by the Town for such purposes.
 - (ii) Abandonment of Development After Initiation of Construction. An Applicant who has paid a Development Fee for a New Development for which a building permit has been issued and pursuant to which construction has been initiated, but which construction is abandoned prior to completion and issuance of a certificate of occupancy, shall be eligible for a refund if, and only if, the uncompleted building is completely demolished pursuant to a proper demolition permit.
 - (iii) Administrative Fee. A five percent (5%) administrative fee, but not to exceed two hundred dollars (\$200), shall be deducted from the amount of any refund granted and shall be retained by the Town in the appropriate Development Fee account to help defray the administrative expenses associated with the processing of a refund application.

(iv) Refunds shall be made only to the current owner of property on which the New Development was proposed or occurred. If more than one owner owns property which paid the Development Fees, the request for refunds shall contain a copy of the conveyance documents wherein the proportionate ownership shares are set forth and the refunds shall be issued in accordance with the ownership shares of the conveyance documents. Any party obtaining a refund from the Town shall confirm current ownership and entitlement to this refund under oath and shall defend and indemnify the Town from any claims by any other party claiming a right to the refund for the same New Development.

- b. Processing of Applications for a Refund. Applications for a refund shall be made on a form provided by the Town for such purposes and shall include all information required herein, as appropriate. Upon receipt of a complete application for a refund, the Town shall review the application and documentary evidence submitted by the Applicant as well as such other information and evidence as may be deemed relevant, and make a determination as to whether a refund is due. Refunds by direct payment shall be made following an affirmative determination by the Town.
- c. Applications for refunds due to abandonment of a New Development prior to completion shall be made in or on forms provided by the Town and shall be made no later than sixty (60) days following expiration or revocation of the building permit. The Applicant shall submit (1) evidence that the Applicant is the property owner or the duly designated agent of the property owner, (2) the amount of the Development Fees paid by Public Facilities category and receipts evidencing such payments, and (3) documentation evidencing the expiration or revocation of the building permit or approval of demolition of the structure pursuant to a valid Town-issued demolition permit. Failure to apply for a refund within sixty (60) days following expiration or revocation of the building permit or demolition of the structure shall constitute a waiver of entitlement to a refund. No interest shall be paid by the Town in calculating the amount of any refunds.
- d. The Town may, at its option, make refunds of Development Fees by direct payment, by offsetting such refunds against other Development Fees due for the same category of Public Facilities for New Development on the same property, or by other means subject to agreement with the property owner.

F. Appeals.

- 1. An appeal from any decision of a Town official pursuant to this Development Fee Code shall be made to the Mayor and Council by filing a written appeal pursuant to the appropriate Town form, if any, with the Town Clerk within thirty (30) days following the decision which is being appealed; provided, however, that if the notice of appeal is accompanied by a cash bond or letter of credit in a form satisfactory to the Town Attorney and the Finance Director in an amount equal to the Development Fee calculated to be due, a building permit may be issued to the New Development. The filing of an appeal shall not stay the imposition or collection of the Development Fee as calculated by the Town unless a cash bond or other sufficient surety has been provided.
- 2. The burden of proof shall be on the appellant to demonstrate that the decision of the Town is erroneous pursuant to the applicable legal standard.
- 3. All appeals shall detail the specific grounds therefor and other relevant information and shall be filed in such form as requested by the Town for such purposes.

- 9) Others, as determined by **Federal, State, County** or **Local** requirements.

C. **Application Requirements for Permanent Mining Operations.** An application filing for permanent mining, quarrying, and processing operations, as defined in this Article, shall include the following information:

1. A completed Use Permit Application
2. A site excavation and reclamation plan containing all required data contained in Subsection D of this Section.
3. A complete list of all required permits from county, state and federal agencies that regulate the proposed use. This list shall include a description of the required permit, including contact person names, phone numbers and addresses, and an anticipated time frame for obtaining each required permit.

D. **Excavation and Reclamation Plan.** All Use Permit Applications for mining operations shall include an excavation and reclamation plan, as required by Subsection C of this Section. If the proposed operation is located in a floodplain area, a topographic survey shall be provided in accordance with Yavapai County Flood Control District and/or Army Corps of Engineers requirements. The Excavation and Reclamation Plan shall be reviewed in conjunction with the information gathered by staff. For the purposes of ensuring that the site is reclaimed for reuse and mined in an expeditious manner, the applicant shall provide the following:

1. The general location of resources to be mined overlaid on the topographic survey of the site, if provided.
2. The method of grading and restoring vegetation.
3. The location and containment methods for stockpiling of mined materials, including dust and erosion control.
4. A description of the mining method.
5. An estimate of the costs associated with the restoration of the site.
6. The Applicant will provide the Department with sufficient copies of all required documentation for preliminary and secondary review.

E. **Permit Requirements for Temporary Mining Operations**

1. Certain temporary mining operations, as defined herein, may not require the same permitting procedures as permanent uses. Only one temporary permit per site may be issued. Successive permits or occasional use of temporary permits are not allowed, and such operations shall be deemed permanent mining operations subject to the permitting requirements provided in this Article.

2. For temporary mining operations, such as major grading operations where excavated fill is to be sold or other similar types of operations, a permit may be reviewed and approved by the Council without advertising a public hearing when these operations do not exceed a 30-day period. If such operations are to exceed a 30-day time period, but are less than six months in duration, the Commission shall review the Temporary Use Permit and forward a recommendation to Council. Upon filing an application for a temporary mining operation, the operator shall provide the following information:
 - a. The site plan and permit requirements for permanent mining operations stated in Subsection C, paragraphs 2, 3 and 4 of this Section.
 - b. The excavation and restoration information required in Subsection D, paragraphs 2, 3, 4 and 5 of this Section.
 - c. Other information as requested by Council.

F. Transfer of Use Permit

Use permits for mining, quarrying, extracting and processing operations are not transferable unless, prior to the transfer of the use permit the current holder of the use permit provides the Town of Camp Verde, Community Development Department:

1. Notice of the pending transfer;
2. A copy of a recordable document pursuant to which the person or entity acquiring the use permit agrees to be bound by all terms, conditions and obligations of the use permit; and
3. A copy of the purchase agreement conveying the property that is the subject of the use permit to the person or entity acquiring the use permit.

If the Town of Camp Verde Community Development Department determines that these conditions have been satisfied, the Town of Camp Verde Community Development Department shall notify the person or entity acquiring the use permit that the use permit may be transferred effective the date that the party or entity acquiring the use permit records: (I) the deed conveying the property that is the subject of the use permit to the person or entity acquiring the use permit and (II) the document pursuant to which the person or entity acquiring the use permit agrees to be bound by all terms, conditions and obligations of the use permit.

SECTION 9-4-4 GENERAL REGULATIONS

The general regulations contained in this Article shall apply to all mining operations and permits.

- A. Site Development and Operational Regulations.** All mining, quarrying and processing operations shall conform to all applicable plans and documentation approved as presented or revised in the Use Permit or Temporary Use Permit application. In addition to the conditions applied on the permit, all operations shall meet the following operational regulations:

 - a. Allowing the applicant to provide property as security.
 - b. Allowing a percentage of the monetary gain to be placed in trust as security.
 - c. Other approved methods of assurance.

SECTION 9-4-5 ADMINISTRATION

- A. Subsequent Review and Expiration of Permits.** All Use permits issued pursuant to this Article are subject to periodic review and expiration as determined by Council.
- B. Revocation of Use Permit.** Violation of any applicable federal, state, county, or local regulation is sufficient grounds for Council action that may lead to the revocation of the Use Permit.
- C. Appeals.** If the applicant or affected property owner disagrees with the decision of the Director to issue or deny a temporary permit or the requirements for permit processing related to a permanent or temporary operation, such person may file a written appeal with the Director within ten (10) days of the Director's decision. Such appeal shall be referred to the Board of Adjustment pursuant to Section 602.B of the Planning and Zoning Ordinance. Further appeals are possible through Superior Court.

Additionally declared are:

- A. Property and Hazards:** No use or structure shall be operated or maintained in such a manner as to be an explosive or fire hazard; nor cause smoke, soot, dust, radiation, odor, noise, vibration, heat, glare, toxic fumes or other negative impact on the community to be emitted into the atmosphere at any time to such an extent as to constitute a nuisance; contribute to neighborhood deterioration; nor divert water-carried waste or pollutants into any open water course or groundwater supply. Any such condition determined by the Town to constitute imminent peril to public health, safety or welfare shall be ceased immediately
 - 1. **Disposing of Materials:** Trash and garbage must be kept contained prior to off-site disposal so as not to be a nuisance. Additionally:
 - a. Open garbage must not be stored in any residential or commercial lot for more than seven days.
 - b. Commercial dumpsters must be kept clean, emptied regularly, kept in good repair, and continuously covered.
 - c. The Town will notify the property owner of any violations of the above and take enforcement action, if necessary.
 - 2. **Fire Hazard:** In order to ensure the safety of its residents and protect property, the Town will among other things, enforce fire hazard codes. Additionally:
 - a. The property owner shall be responsible for the removal of dry grasses and weeds exceeding six inches in height AND deemed to constitute a fire hazard by the Fire Marshal or the Zoning Inspector.
 - b. The dispensing, handling, or disposal of fuels, paint thinner, or similar explosive or fire-producing materials shall comply with Underwriters Laboratories, Inc. standards or better.
 - 3. **Graffiti:** To avoid negative impact on the community, and to prevent the spread of gang activity, this nuisance must be removed immediately.
 - 4. **Unclaimed Publications:** Unclaimed publications include either depositing the material, or failure to clean it up from the property by removing it.
 - a. If the publication is subscribed to, the property owner or tenant shall be responsible for the unclaimed publications.
 - b. If the material is unsolicited, the publisher shall be responsible for the unclaimed publications.

5. Unsafe Structures and Equipment: Per 7-2-108 of the Town Code,
6. Fences, Screen Walls and Retaining Walls: All fences, screen walls and retaining walls on the premises shall be safe and structurally sound. They shall be maintained so that they do not constitute a blighting, or deteriorated condition.

SECTION 10-2-2 NOTICE

Written notice of any violation of Section 10-2-1 shall be either personally served or sent to the owner, lessee, or occupant of the property at his last known address by registered or certified mail, or the address to which the tax bill for the property was last mailed. If the owner does not reside on such property, a duplicate notice shall also be sent to him at his last known address. The notice shall be dated, signed by the Code Enforcement Officer or Building Official, have attached a copy of this Article, and include, at minimum, the following items: property description/address; description of the violation; required mitigation; and consequences.

The notice of violation and the assessment lien shall run with the land. The Town, in its sole option, may record a notice of violation with the county recorder and thereby cause compliance by any entity thereafter acquiring such property. The nonfiling of any notice of violation shall in no way affect the validity of such notice as to the entities so notified. A satisfaction of a notice of violation or assessment lien shall be filed when the property is brought into compliance by the owner, occupant or lessee.

Where multiple ownership exists of a property in violation of this chapter, the Town may serve any one (1) owner of record and such service shall be deemed to be service upon any party having or claiming an ownership interest in the property. After service upon any one (1) owner, the Town may fully proceed under this chapter the same as if all owners had been served.

SECTION 10-2-3 ABATEMENT OF NUISANCES BY TOWN – ASSESSMENT OF COSTS

When any owner, lessee or occupant to whom notice has been given fails, neglects or refuses to abate the prohibited violation from such property by the date set for compliance within the notice, the Town Manager, or his duly authorized representative, shall abate such violation. Upon abatement of the violation, the Town Manager, or his duly authorized representative, shall prepare an assessment containing a verified statement of the actual cost of such removal or abatement. The owner, lessee or occupant shall be required to pay the actual cost, plus an additional twenty (20) percent of such cost, to the Town within thirty (30) calendar days after the assessment has been mailed to the last known address of record of the owner, lessee or occupant. A duplicate copy of such assessments shall be mailed to the person or persons to whom the original notice of removal was mailed in the manner heretofore prescribed for service of the notice of removal. If the total assessment, including the twenty (20) percent additional charge as set out above, is not paid within thirty (30) calendar days after mailing of the assessment, the Town shall apply a lien to the property in the amount of the original assessment, including the twenty (20) percent additional charge, plus the cost of title search, recording fees, legal fees and other related fees. Failure to comply will result in civil court action.

SECTION 10-2-4 ABATEMENT OF EMERGENCY VIOLATIONS BY THE TOWN

- A. When a violation of this code poses a substantial and immediate threat of serious harm to the health or safety of any person, then the Town may immediately enter the property and take the minimum action necessary to relieve the threat of serious harm. Prior to entering the property, the Town shall obtain:
1. The consent of a person who owns, leases, rents, occupies, controls, or has the right to control the property; or
 2. A search warrant from the Town Magistrate court authorizing the Town to enter the property.
- The court shall issue such an order only upon a showing that probable cause exists to believe that a violation of this code, which poses a substantial and immediate threat of serious harm to the health or safety of any person, exists on the property.
- B. Any person who owns, leases, rents, occupies, controls, or has the right to control the property that is found to be in violation of this Section will be issued a citation for all violations causing the emergency abatement. The Magistrate Court may impose monetary reimbursement orders as justified by the violations.

SECTION 10-2-5 LIEN FOR ASSESSMENT

An assessment shall be forthwith recorded in the office of the County Recorder of Yavapai County, Arizona, and from the date of its recording shall be a lien on such lot, tract of land or premises described in the assessment, until paid. Such liens shall be subject to and inferior to the lien for general taxes and to all prior recorded mortgages and encumbrances of record. A sale of the property to satisfy a lien obtained under the provisions of this Section shall be made upon judgment of foreclosure or order of sale. The Town shall have the right to bring an action to enforce the lien in the Superior Court of Yavapai County, at any time after the recording of the assessment, but failure to enforce the lien by such action shall not affect its validity. The recorded assessment shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the recording thereof. A prior assessment for the purposes provided in this Section shall not be a bar to a subsequent assessment or assessments for such purposes and any number of liens on the same private premises may be enforced in the same action. All assessment liens filed with the county recorder shall bear interest at the highest rate of interest permitted by law. If the lot is unimproved, permit issuance for any improvements will be denied until such charges are paid in full.

SECTION 10-2-6 RESPONSIBILITY UPON TRANSFER OF PROPERTY

The transfer of any and all property interests in any manner, including, but not limited to, the sale, trade, lease, gift or assignment of any real property against which a Notice of Violation has been issued shall not relieve the party(ies) served unless the legal entity assuming an ownership interest in such property, in writing, assumes responsibility for compliance with the Notice of Violation and a copy of such writing is presented to the Town.

SECTION 10-2-7 INTERFERENCE WITH ENFORCEMENT, ABATEMENT

Any person who interferes with, prevents, or attempts to interfere with or prevent an individual employed by the Town or other person contracted by the Town from investigating an alleged violation of this Chapter, or from correcting or abating a violation of this Chapter, is guilty of a Class 1 misdemeanor.

SECTION 10-2-8 VIOLATIONS-PENALTIES

In addition to any cost incurred, any person, firm or corporation found guilty of violating any of the provisions of this Chapter shall be guilty of a Class I misdemeanor punishable pursuant to Arizona State Statutes. Each occurrence or day the violation shall continue shall be a separate offense, punishable as described herein.

SECTION 10-2-9 UNLAWFUL DUMPING (2000-A158)

Definitions. "Littering," either along a public roadway, on private property of another, or on public property or parks, is the casual release of small amounts of trash, garbage, rubbish, or debris. Littering includes both throwing down of material or failure to clean it up from the property by removing it or putting it in provided trash containers in a manner that will not allow it to be blown or discharged from the receptacle. If littering occurs from a moving vehicle, the driver will be presumed to be the offender. "Dumping" is the deposit of household garbage or trash, construction materials, industrial waste, soils or rocks, tree or brush trimming, litter, petroleum products, hazardous materials, or injurious materials on or along any public roadway, public property, or property of another.

Violations and Penalties. Both littering and dumping are declared Class 1 misdemeanors, punishable by fines up to \$2,500 and six (6) months in jail, or to the limits as may be amended by State law. The minimum fine for littering as a first offense shall be \$500, and for dumping, except for dumping hazardous materials, large appliances, industrial waste, automobile parts, or injurious materials, is \$1,000. The fine for a first offense for dumping hazardous materials, large appliances, industrial waste, automobile parts, or injurious materials, or whenever the total quantity of the material dumped, regardless of the type, exceeds ten (10) pounds, is \$1,500. Persons convicted of a second or subsequent offense under this ordinance shall be sentenced to a fine that is twice the minimum for a first offense, up to a maximum fine for a Class 1 misdemeanor under State law, and shall be ordered to serve not less than three (3) days in jail. In addition to any fines or jail time imposed, the Court shall order that a person convicted of littering or dumping shall be ordered to pick up and remove trash or litter from public property for a minimum of sixteen (16) hours for a first offense and forty (40) hours for a second or subsequent offense, as well as either clean up the litter or dumping caused by the offender, or reimburse the Town or agency which performed the cleanup for the reasonable cost thereof. The Court shall not order personal cleanup if it would create a hardship for the offender because of physical infirmity or age, and shall schedule times and places of cleanup that would minimize interference with the offender's employment or family responsibilities.

Reward. Any person that provides information leading to the citation of another who has violated any provisions of this ordinance shall be paid a \$100 reward as restitution to be assessed in addition to the above penalties upon conviction of the offense.

Posting. Signs shall be posted along major roadways and areas where there has been a history of illegal dumping or littering warning the public of the offense, the minimum fines, and a reward offered for information leading to a citation and conviction.

It is the intent of this Section to prevent the unauthorized use of vacant lots, parking lots, or other property, privately or publicly owned areas by persons for unauthorized or illegal purposes which could create a public nuisance or interfere with the comfortable enjoyment of life or property by the entire community or neighborhood or by a considerable number of persons.
- E. No person charged with violating this Section shall be convicted and such charge against him or her shall be dismissed if he or she subsequently produces in court the aforesaid written permission.

SECTION 11-1-5 NOISE (2014-A399)

It is hereby declared to be a public nuisance to allow unnecessary, excessive and annoying noises from all sources subject to its police power. At certain levels noises are detrimental to the health and welfare of the citizenry and in the public interests shall be systematically enforced per the following criteria:

A) Definitions.

The following words, terms and phrases, when used in this Section 11-1-5, shall have the meanings ascribed to them in this Section 11-1-5, except where the context clearly indicates a different meaning:

***“A” band level* means the total sound level of all noise as measured with a sound level meter using A-weighting network. The unit is the dB(A).**

***Ambient noise* means the all-encompassing noise associated with a given environment, being usually a composite of sounds from many sources, near and far. For the purpose of this Section 11-1-5, ambient noise level is the level obtained when the noise level is averaged over a period of fifteen (15) minutes without inclusion of noise from isolated identifiable sources, at the location and time of day near that at which a comparison is to be made. Averaging may be done by instrumental analysis in accordance with American National Standard S. 13-1971, or may be done manually as follows:**

- 1) Observe a sound level meter for five (5) seconds and record the best estimate of central tendency of the indicator needle, and the highest and lowest indications.**
- 2) Repeat the observations as many times as necessary to ensure that observations are made at the beginning and the end of the fifteen (15) minute averaging period and that there are at least as many additional observations as there are decibels between the highest high indication and the lowest low indication.**
- 3) Calculate the arithmetical average of the observed central tendency**

indications.

Decibel means a sound pressure that is twenty (20) times the logarithm to the base 10 of the ratio of the pressure of sound to the reference pressure, 2×10^{-5} Newton/meter².

Emergency work means work made necessary to restore property to a safe condition following a public calamity or work required to protect the health, safety or welfare of persons or property or work by private or public utilities when restoring utility service.

Frequency. “Frequency” of a function periodic in time shall mean the reciprocal of the primitive period. The unit is the hertz and shall be specified.

Impulse noise means a noise of short duration, usually less than one second, with an abrupt onset and rapid decay.

Microbar means a unit of pressure commonly used in acoustics and is equal to one dyne per square centimeter.

Motor vehicles means any self-propelled vehicle operated within the Town, including but not limited to licensed or unlicensed vehicles, automobiles, mini bikes, go-carts and motorcycles.

Period. “Period” of a periodic quantity shall mean the smallest increment of time for which the function repeats itself.

Periodic quantity means oscillating quantity, the values of which recur for equal increments of time.

Pure tone noise means any noise which is distinctly audible as a single pitch (frequency) or set of pitches as determined by the enforcement officer.

Sound level. “Sound level” (noise level), in decibels (dB) is the sound measured with the A weighting and slow response by a sound level meter.

Sound level meter means an instrument including a microphone, an amplifier, an output meter, and frequency weighting networks for the measurement of sound levels which satisfies the pertinent requirements in American Standard Specifications for Sound Level Meters S1.4-1971 or the most recent revision thereof.

B) Violations and Penalties.

Violation of this Section 11-1-5 is declared to be a Class 1 misdemeanor, punishable by fines up to \$2,500 and 6 months in jail or to the limits as may be amended by State law.

C) Exemptions.

The following uses and activities shall be exempt from noise level regulations:

- (1) Air-conditioning equipment when it is functioning in accord with manufacturer's specifications and is in proper operating condition provided that no unit may cause the noise level measured inside any sleeping or living room inside any dwelling unit to exceed forty-five (45) dB(A) between the hours of 10:00 p.m. and 7:00 a.m., nor fifty-five (55) dB(A) between the hours of 7:00 a.m. and 10:00 p.m.;
- (2) Lawn maintenance equipment when it is functioning in accord with manufacturer's specifications and with all mufflers and noise-reducing equipment in use and in proper operating condition;
- (3) Non-amplified noises resulting from the activities such as those planned by school, governmental or community groups;
- (4) Noises of safety signals, warning devices and emergency pressure relief valves;
- (5) Noises resulting from any authorized emergency vehicle when responding to an emergency call or acting in time of emergency;
- (6) Noises resulting from emergency work as defined in this Section 11-1-5.
- (7) All noises coming from the normal operations of railroad trains;
- (8) Noises of church chimes; and
- (9) Power plant equipment during normal operation provided that no plant equipment may cause the noise level measured inside any sleeping or living room inside any residential dwelling unit to exceed forty-five (45) dB(A) between the hours of 10:00 p.m. and 7:00 a.m., nor fifty-five (55) dB(A) between the hours of 7:00 a.m. and 10:00 p.m.

D) Measurement criteria.

For the purpose of enforcement of the provisions of this Section 11-1-5, noise level shall be measured on the A-weighted scale with a sound level meter satisfying at least the applicable requirement for Type 1 sound-level meters as defined in American National Standard S 1.4-1971 or the most recent revisions thereof. The meter shall be set for slow response speed, except that for impulse noises or rapidly varying sound levels, fast response speed may be used. Prior to measurement, the meter shall be verified, and adjusted to ± 0.3 decibel by means of an acoustical calibrator.

E) Allowable noise levels.

A candidate is declared elected to office in the Primary Election if that candidate received a majority of all votes cast as set forth in ARS §9-821.01. No more than twice the number of candidates for which there are vacancies on the Council may be placed on the General Election ballot.
